£700 for REAL PE refresher courses for 3 new staff	
£1000 for resources	
£3000 for coaches	
£245 for REAL PE online learning platform	
£120 for trophies for Sports Assembly	

Impact on Participation and Attainment:

The Sport Premium funding has given Madley Brook the opportunity to continue using PE and school sport to promote a positive impact upon our children's lives. Children's participation in curriculum PE and extra-curricular clubs is very good and they are always eager to learn new skills and games.

Children at Madley Brook recognise the importance of PE and School Sports and are always keen to take part in sporting activities. When questioned, all children were very positive about their experiences of PE in school. Children expressed

enthusiasm for PE lessons, stating that they always thought they were 'challenging', 'exciting' and they 'look forward to them every week.' Children also stated how they learnt new skills or consolidated old ones each week in PE; many children stated that having a sports coach was good because they were 'experts'. Some children mentioned how they felt 'tired' after PE and were physically exhausted after lessons.

Since the school has purchased the Real PE scheme, pupils have had the opportunity to practise and consolidate key skills which link to many different aspects of the PE curriculum. The programme has enabled teaching to focus on the fundamental skills that children need to access physical activity and sport. By means of a questionnaire, teachers stated they feel more confident when teaching PE and have gained more ideas for teaching the subject through 'Real PE' and coaches. This year teachers across the school have benefited from a hockey, tennis and cricket coach. This year we have also purchased and began to use the Complete PE Resource which supports teachers' planning of the second hour of PE each week. This planning is aimed more towards teaching 'sports' rather than fundamental skills and has given children a taster of different sports as well as learning new skills, rules and taking part in healthy competition. We ensure skills are taught progressively throughout their time with us at Madley Brook. Children have also had access to many organised sports clubs after school, which have been accessed by a range of children including PPG and SEN.

The school has continued to include 'The Daily Mile' in the school day, which is carried out by all key stages. Not only do children do this during a timetabled session but in their free time at break and lunch too. We feel the continuation of the 'Daily Mile' has made the children more aware of their physical health and fitness, and their enjoyment of exercise and are personally challenging themselves.

Through our affiliation to West Oxfordshire School Sport Partnership, the children at Madley Brook have so far participated in a number of School Games competitions including: mini-football, tag rugby, swimming, hockey, tennis, cross-country, athletics, dance and netball. Through these activities children have been signposted to sporting clubs and events taking place within the community.

Achievements in 2019 - 2020:

- Netball tournament: A team 3rd, B team 2nd and C team 1st

- Cross Country: Girls 3rd and Boys 1st
- Boys football league: 2nd
- Girls football league: Due to play in the final before Covid19 occurred, however they were unbeaten until this point

Swimming:

Due to Covid-19 and the closure of schools, only 30 of our 44 Year 6s have been able to swim this year. However, of those 30 children 93% can swim competently, confidently and proficiently over a distance of at least 25 metres, use a range of strokes effectively and perform safe self-rescue in different water-based situations.

School Games Mark:

Madley Brook achieved the Gold award for the School Games Mark in 2018 – 2019 and this has been secured for 2019 – 2020.

In order to achieve this standard we have:

- Provided all students with two hours of timetabled physical education
- Provided extracurricular sporting events for all ages
- Provided the opportunity for pupils to take part in sporting events at a competition level
- Organised inter and intra sporting events
- Monitored and encourages improvement in pupils' 'personal best'
- Provided pupils with the opportunity to learn to lead through the PE curriculum
- Completed a heat map as a self-review tool to look at how our school is increasing physical activity
- Utilised coaches to complement our provision
- Active links with local the local sporting community
